Comments	<input type="text" value="I strongly object to this development and the location. This part of the outskirts of Banbury already has too much traffic and the roads can't cope. There is also enough going on with the HS2 developments destroying natural habitats on the outskirts of Banbury between Banbury to Brackley. We have a duty to balance developments with maintaining habitats and rural locations for generations to come. This development was previously objected and it is opportunistic for the developers to resubmit this application during the pandemic thinking local residents are too distracted to respond. Instead, build more hotels in central Banbury so it encourages visitors to spend money visiting local businesses and to help bring the Town center back to life. Hotels on out the outskirts of Banbury are unlikely to contribute to the development and success of Banbury as a market town!"/>
