| Comments | <input type="text" value="I strongly oppose this development due to the fact that the local infrastructure can not cope with more traffic on an already busy junction to the M40 which is the only way to enter Banbury from the East side. Being a local resident I know that the local village of cropredy is already suffering with heavy goods vehicles using a lane with a week canal bridge to avoid this roundabout as the congestion is so bad. Until another junction/exit is made for the m40 and another way over the motorway is available for commuters working in the town then I strongly oppose this application."/> |
