Address	<input type="text" value="3 Wesley Place,Chacombe,Banbury,OX17 2JP"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I wish to register my objection to this application. The main principle is there is not the requirement. Services already exist north and south both nearby on the motorway for the usual facilities. There is already underused hotel space very close to the junction, a new one being built in town and close to the junction there is already petrol stations etc. The added traffic will make an already busy roundabout a major congestion point for the town dissuading visitors from the town itself. The town needs more shoppers from out of town and not less. You are competing for their spending money with the likes of Leamington. Although temporary there will also be the significant traffic for HS2 for a few years which will also make the roundabout and A361 unworkable causing rat runs and congestion all around that side of town. As a final point, I understand, the council committed a number of years ago not to build at all on that side of the motorway. Why have you gone back on that commitment and why would you permit the existing eyesore to get any worse. The town is at risk of turning into a warehouse town like Daventry where absolutely nobody wants to live or visit."/>
