Comments	<input type="text" value="There is already a plethora of similar buildings for similar purposes very nearby. The congestion on the road to and from and around the proposed sight already gets over-busy, causing damage to the environment with cars idling in traffic and also negatively impacting on people's mental health, both those who have to add time to their commute making it excessive and those who live nearby who use this route to access the M40 both north and southbound and also importantly to access facilities available in their local town of Banbury."/>
