Comments	<input type="text" value="We have lived in our current home for 23 years and the lorry traffic has become endless , this all converges on the M40 J 11 roundabout. The traffic around this area is currently excessive and the building of this complex will encourage more people off the motorway and significantly impact on the traffic around the area. Junction 11 is already a busy area and when there is something wrong with the motorway everyone converges on Banbury . With the building of this complex it will further encourage people off the motorway and onto the local A roads when it is busy. The traffic pollution will be increased. There is already a local petrol station, restaurant , coffee drive through and fast food restaurants so why do we need more"/>
