Comments	<input type="text" value="Banbury has no need of the proposed facilities, which are already available within a few yards of Junction 11 There already are motorway service areas about 10 miles north and south of Junction 11. Banbury needs high quality jobs in advanced engineering, which was in the original planned use of this site, but they will not be provided by the proposed use Additional traffic at Junction 11 will restrict access to and from the A361, and A422, and will cause traffic to back up to Hennef Way with adverse effect on the whole of Banbury."/>
