Comments	<input type="text" value="I do you not see the need for another hotel on the motorway roundabout when we already have the Premier Inn just yards from the junction and a new multi-story hotel recently built as part of the Castle Quay 2 development. The inclusion of a petrol station and further outlets would result in a substantial increase in volume of traffic in the area where we are already experiencing congestion and delays accessing roads towards the town centre. This development will inevitably add to the backlogs and bring traffic delays even closer to the outskirts of Middleton Cheney village."/>
