Comments	<input type="text" value="Increased traffic flow alongside the existing HS2 project, impacting on locals journey times to and from work. Also the air quality, living in a village east of the proposed site means a increased flow of HGV's and general traffic and poorer air quality. Another hotel?? We have a hotel just off the motorway already, plus a new hotel in the Castle Quay 2 development. This is already taking away business from smaller local hotels and b&bs. There is also a service station off the Junction 11 roundabout. Large services available at Gaydon and opposite direction within a couple of junctions. Completely unnecessary and a blot on the landscape!"/>
