Address	<input type="text" value="WESTGATE,1A THORPE ROAD,CHACOMBE,OX17 2JW"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input be="" cannot="" serious""="" type="text" value="I strongly object to this application, we have been here before and the council rejected this application on the grounds it did not fit into the Banbury plan - I was at the meeting, the assembled public servants stated that all further appeals would be rejected! Why is this even being reconsidered? The current plan to build the vast warehouses is almost acceptable although I am not sure the need is there. The damage to the local environment is incalculable should these further works be approved, this is a known floodplain hence the adjacent works completed some years ago to alleviate this, has this now been forgotten? These proposed works combined with the HS2 traffic and the recent diabolical changes to the junction 11 roundabout traffic lights will make Banbury a 'No Go Area' for commuters who have to cross the M40. Brackley will become very popular with me as a general shopping destination and there is free parking in the town centre! For retail outlets Bicester, Oxford and Milton Keynes will become ever more popular. Should these further works be approved I sincerely believe Banbury town centre will not survive! All aspects of pollution will be increased, our green and pleasant land will be further diminished by those seeking profit over the environment. When will our elected representatives listen to the majority and adhere to decisions made many months ago? To quote a well known tennis player " you=""/>
