Comments	<input type="text" value="This would be an unnecessary and unwanted development, which fails to conform to the land designation in the Cherwell local plan. The locality is already more than adequately served with both service station and hotel provision. The increased traffic movements, should this development be allowed, would create an intolerable burden at an already highly congested intersection. With HS2 already adding to traffic flow, this development would cause further congestion. I urge the planning authority to refuse this application."/>
