Comments	<input type="text" value="I would draw the Planning Committee's attention to the number of fatalities each year on the A361. There is already disturbance caused by the construction of the HS2 route, this development would only serve to exacerbate this. There is already a hotel and service station within half a mile of this junction, surely no more are needed? A further hotel has recently opened in the town centre, therefore, how can a further 240 rooms be substantiated? Fast food outlets are also available close to the junction. We already see considerable littering around such outlets and flying litter alongside a motorway is an accident waiting to happen. I therefore submit my objection to this development in the strongest terms."/>
