Comments	<input type="text" value="I wish to object to the proposals in planning application 21/02467/F as I understand it is not in accordance with the designated use for this land, and in particular because it includes a large warehouse similar to the monstrosity recently built on land near the flood elevation scheme, which should never had been allowed. I also object on the grounds that there is no need for the proposed services, offices and hotel as there is adequate provision of these services in the Banbury already, some being a very short distance from the motorway junction. In particular also traffic congestion which has reached an unacceptable level in Banbury due to all the current development going on, would become even worse if this proposed development is allowed to go ahead."/>
