Subject: New comments for application 21/02467/F

New comments have been received for application 21/02467/F at site address: OS Parcel 0005 And Part OS Parcel 1300 0878 And 7566 Banbury

from Diane Hanney

Address:

7 The Greensward, Warrington, Banbury, OX17 1RT

Comment type:

Objection

Comments:

I write to make an objection against this cynical application, as it does not differ materially, to the planning application that was rejected three years ago.

My objections therefore remain similar as follows

- 1) Pollution on the A361/M40 roundabout/Hennef Way, this area of the town is already one of the worst polluted areas in the country.
- 2) Traffic congestion will increase on this side of town, it is already a very congested area which will only back up into Banbury.
- 3) Another motorway service area on the M40 is not necessary, given service areas are already situated both North and South.
- 4) There is not a lack of hotel accommodation in Banbury, based on experience I can always get a room for visiting relatives. I find it very hard to believe that tourists or visitors to Bicester Village would look to stay on an industrial estate.
- 5} In the local plan this area of green fields was supposed to be for high class engineering jobs, the GIGANTIC and truly UGLY buildings that are nearing completion, certainly does not fit the original criteria.

I reiterate I strongly object to this application, and I hope that the bigger picture will be considered, as I fear that Banbury and the surrounding area is becoming a mass of houses and warehouses, with no improvements to infrastructure, which results in pollution and congestion.
