Comments	<input type="text" value="I object to them my building another hotel when there's already a hotel at junction 11 and a brand new one in the town centre. And also at junction 11 we already have fast food outlets one building is vacant so we don't need anymore. That has been enough building work along the M40 encroaching on green space giving wildlife nowhere to go. Also they are planning to build on floodplains as that area next to the M40 at junction 11 always holds water where are they expecting all the flood water to go if they keep building on it. There is already a lot of congestion on that roundabout and the roundabout just down from the M40 as you come into Banbury the traffic is horrendous most of the day especially at peak hours. Building the other side of the M40 will only make this matter worse, it only takes one accident on the M40 and the whole of Banbury is gridlocked. We don't need any extra traffic coming from said development causing more problems."/>
