Hi Nat,

I have looked at the arboricultural report and the tree protection plan and I am happy with both. If the tree protection plan is adhered to then the work proposed will not have a detrimental impact on the trees to be retained on site. In addition, I am happy with the planting proposals. However, I have not been able to find any information regarding the size of trees to be planted or the tree planting pits. We would need to see this information.

If you have any questions, let me know.

Thanks,

Caroline
