Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="There have been several developments in recent years around bicester to build warehouses. Some of these developments are still empty, nothing has been done for the infrastructure of Bicester to cope with the increased traffic etc. Bicester needs development of green spaces and not keep destroying the countryside with warehouses that will sit empty. There also needs to be a review of all the infrastructure for Bicester to cope with the traffic that is currently around as well as the increase in waste etc. Money would be better spent on the town centre where shops are currently sat empty and the council could develop a scheme to get small local businesses into these shop."/>
