Address	<input type="text" value="59 Beckdale Close, Bicester, OX26 2GT"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I Strongly object to having to look at a 11m high wall of steel at the bottom of my garden every day that will be a eyesore and also block out the evening sun for the houses opposite. Bicester does not need any more units, it is damaging to the wildlife, environment, air pollution, noise pollution and light pollution etc. The original plans were for housing and not units!! Bicester needs more housing , school's and green spaces for people well-being. Beckdale Close flooded on 24th of December 2020 for the second time in 7 years because of the large units that have been built in phase 1-2. More units will only cause even more regular flooding to the area. Way should the home owners of Greenwood Estat be made to suffer for someone else's greed that does not even live in the area. It's not only not fair, it not really."/>
