Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I wholeheartedly OBJECT to this monstrosity being built. Having lived in Derwent road for over 27years before moving to start my own family, my parents and children's grandparents still live there, I visit regularly and this road has and always will be a nightmare until it is realigned. We cannot enjoy sitting outside due to the horrific volume of traffic, the noise and pollution is awful. The house shakes when lorries rumble past to the point the walls/ceilings are cracking. I am scared for my children's lives when they play outside in their grandparents garden, what if one day.. a car or even worse, a lorry comes ploughing through tree line and fences. we don't stand a chance. Residents of Greenwood estate, especially those who back onto howes lane were promised the realignment of the road and for residential homes, green spaces and schools, not grey, plain overbearing warehouses. The council bang on about Bicester being a garden town, more like concrete town. If being a garden town is so important then maybe keep the warehouses/industrial units in one place. Gives your heads a wobble council planners!"/>
