Comments	<input type="text" value="This is the 2nd time we have objected to this application this summer. And there have been numerous other applications by this same householder over the years. All of which have been rejected to and all of which have been found to be contrary to Policy ESD15 of the Cherwell Local Plan (2011-2031) Part 1 and Government guidance contained within the National Planning Policy framework (attached). The reasons for the objection remain the same - the road is too narrow. Any building work of this type will cause massive inconvenience and road safety issues. The road is a no-through road with a closed gate at one end. Therefore it is impossible for vehicles to turn. The additional worry about access for ambulances, deliveries and carers leads us to, yet again, strongly oppose this building work."/>
