Comments	<input type="text" value="I fully support this planning application for Clematis Cottage. It will be good for the village to have this cottage restored and habitable. I live in the same terrace as this cottage and would welcome this property being brought back to life. It is in great need of the work detailed in this planning application to be undertaken. By looking after and maintaining properties in the village it ensures the village thrives. Especially in these times of housing shortages empty properties that need upgrading in order to be lived in again."/>
