Address	Manor Farm Barns,Hethe Road,Hardwick,Banbury,OX27 8SS
Type of Comment	Objection
Type	neighbour
Comments	<p>I would like to formally register my complete dismay and dissatisfaction to the proposed development. This development can only be detrimental to the areas surrounding Bicester and Hardwick. I am strongly opposed to this development and the disruption it will create. The development of large scale logistic warehousing will in no way benefit the local communities and residents, only those involved ... And at the detriment of anyone living in a 10-15 mile catchment are. I am particularly worried about the pollution and the health of residents. My son suffers from Asthma and like many other families in this area, we are very keen in keeping all levels of pollution low. This is going to turn this area in a logistical traffic nightmare with trucks and increased traffic and pollution at all hours of the day and night. Traffic around J10 of the M40 and on the B4100 is already very busy without the further increase due to this development. I value the equilibrium of farm life and wildlife in this area! Light, air and sound pollution will spiral out of control no doubt having a massive negative impact on the area and the health of young vulnerable children and you g adults . It will increase the need for further infrastructure development of schools, widening of roads, hospitals. A major infrastructure spend that will further compound the problem and will be at further detriment of the local community and it seems clear that the local community will have to foot up the bill for this.</p>
