Address	16 Bannerman Drive,Brackley,Northants
Type of Comment	Objection
Type	neighbour
Comments	<p>Dear Gail Girvan, Thank you for your email making the following comments on application number 21/03268/OUT: " "I strongly object to this proposal for the following reasons: Increased traffic along both the A43 and the B4100, both of which already struggle with the weight of traffic during busy times. Currently traffic is often queued and backed up significantly - at times, from the Baynards Green Roundabout to the Stoke Lyne crossroads. The A43 coming up towards Baynards Green Roundabout also suffers the same problems- especially leading up to and around the services. The industrialisation of this area will increase these problems hugely. Light pollution, which will be hugely detrimental to all the surrounding villages, towns and also to the wildlife. Noise pollution, which on top of the noise from Cherwell services and the M40 will again be vastly detrimental to surrounding wildlife, villages and towns. Increased rubbish. An environmental disaster in the making. Quite frankly this is an unnecessary addition to an already struggling planet. Time to start looking after our most treasured possession - our environment please</p>
