Comments	<input type="text" value="The M40/A34 junction and the adjoining roundabout near McDonalds gets too busy already. This application must not go ahead unless there is a total redesign of the junction and roundabout. This needs flyovers and unobstructed lanes (without traffic lights) to allow traffic to go onto and off of the M40. The B4100 will also have traffic queuing nearly all the way to Bicester. I'll happily support the development if a suitable redesign of the junction is submitted."/>
