Comments	<input type="text" value="Dear Planners. I object to this development as the traffic in the area cannot cope at peak times in the area. If this were to happen then Jn 10 would need to be totally rebuilt. There seems little need for this development as there seems to be adequate warehousing at Jn 11 by the motorway. There would be a serious environmental impact on Stoke Woods which is a local recreation area. This development can not be good for our local environment."/>
