Comments	<input type="text" value="As a local resident, I am horrified at the extra burden this development will place on our local roads which are already severely over-loaded, particularly around Baynards Green with queues often back down the B4100 to the Hardwick turning and even to the Stoke Lyne turning. Also access to and from the M40 is already over-burdened and this will make it significantly worse. This development will also change the cam rural setting to one of light industrial setting."/>
