Comments	<input type="text" value="I am concerned for the extra volume of traffic that will be generated through the village. There has already been a fatality and numerous accidents over-the- past year. The increase of HGV vehicles passing through the village 24/7 is a great concern. Safety of residents will be compromised. The pollution is also a factor. Aynho is in great danger of losing its village appeal and is becoming a short cut for huge volumes of traffic coming from Bicester and Banbury. There are already some properties in the village that have cracks appearing in their walls due yo the increase of HGVs passing through.The new development will only make this worse ."/>
