Comments	<input type="text" value="This development will mean a dramatic increase in HGVs through the village of. Aynho. We live in a grade 11 listed house set in a conservation area. The house is on the B4100 and we have already seen a huge increase in large vehicles passing through the village. We have also witnessed a number of accidents due to the sharp bends in the road, one of which was fatal. We object to the increase in vibration and wear and tear on our property and also the increase in pollution."/>
