Comments	<input type="text" value="There is a large number of vehicles that currently use the B4100 from Baynards Green to Adderbury. Aynho is the only village on that route which is bisected by the B4100. The planning proposal will undoubtedly bring more traffic, both cars and lorries, through the heart of the village and that increase in traffic will undoubtedly be detrimental to the village with a significantly negative impact on life for Aynho residents. Therefore I object in the strongest possible terms to this planning application."/>
