Address	<input type="text" value="Scout Lodge,The Square"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Firstly, despite Aynho village being in Northamptonshire the increase in noise and traffic will affect the village of Aynho. Already we have seen an increase in accidents caused by vehicles exceeding the speed limit through the village on the B4100. There will be a danger to the lives of the residents with increased traffic through the village due to pollution and speeding vehicles and the noise levels will undoubtedly rise above what is an acceptable level. We already have excess noise from the motorway and this will only get worse if this development goes ahead. We have had one fatality within the past year and again, there is no doubt there will be others. That is not acceptable. The very structure and fabric of the village will be affected, especially given the fact that the village is a conservation area."/>
