Organisation	<input type="text"/>
Name	<input type="text" value="Valerie Day"/>
Address	<input type="text" value="7 Castle Fields,Ardley,Bicester,OX27 7NW"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Objection to this planning application based on tbe following: The B430 and B43100 already suffer from traffic queues clogging up the local roads, restricting residents of local villages going about their business and increasing detrimental air pollution. There are now 3 planning applications for large ostensibly industrial not rural industries in a rural setting. All of these will have a major impact on local residents quality if life especially the village of Ardley which will be totally engulfed, reducing property values, making popping to the supermarket or any local errand a battle with traffic. Increasing noise and light pollution and devastating our lical wildlife and deer population. If we had wanted to live in an urban environment we would have purchased houses in one. We enjoyed a quiet rural life before the M40, just because there is an interchange doesnt mean we have to make it a urban hub. Totally against ALL the proposed warehouse and rail hub development as intrusive, unwarranted development in a rural setting."/>
