Comments	<input type="text" value="My Objections are as followed. This site would dramatically change the landscape, increase HGV traffic with significant increase in worsening traffic queues already experienced. The current and future transport infrastructure I believe would not support the increase in large HGV container traffic and would increase the emissions arising. Concerns I also raise is an increase in noise especially with a westerly breeze for residents of Stoke Lyne along with visible night time lighting. I am unaware of an employment issue locally and this site is not allocated for employment (or any use) in the Cherwell Local Plan. Please can you assess this facility in light of the extensive development in the surrounding area of Bicester, Charbridge Lane, Launton Road where there are vacant units in all these sites currently out weighing demand and decline this proposal."/>
