<b>Comments</b>	<input type="text" value="I am a long term resident of Stoke Lyne and over the years have seen the impact of firstly the M40 / M40 services all of which have impacted the local environment with pollution mainly noise and the increase of traffic on the B4100 which has caused accidents at both junctions over the years more traffic will only heighten the risks of more and the noise and air pollution will no doubt increase dramatically. Also this will surely have an impact a on property prices of those who live closest to the development"/>
