| Comments | <input type="text" value="This warehousing is not in the interests of local residents or of the country as a whole. The number of jobs created is inflated and not accurate and this would be the ONLY advantage to anyone this proposed warehousing would have....APART FROM THE PROPOSER! It will be a disaster. I can't imagine ANY local resident would be in favour, but some know nothing about it and others gave up navigating the process for objecting, WHICH IS NOT OBVIOUS OR EASY!"/> |
