Comments	<input type="text" value="I object to this planning application for a number of reasons: > the road congestion at Baynards Green is already overloaded with large lorries trundling down the A43 towards the motorway, often causing serious tail-backs on the B4100 road. This development will only add further congestion >the congestion onto the M40 from Baynards Green is also considerable and will only get worse with this development >the noise and light pollution will be considerable in an otherwise tranquil agricultural area >the water supply to these developments will detract from the availability to the domestic housing in the local area. What assurances can be given that there will not be any adverse effects?"/>
