<b>Comments</b>	<input type="text" value="I wish to object to this proposed development. The woods are a haven for wildlife, used frequently by walkers and children to enjoy the peace and quiet, to get away from the towns and to learn about nature in a safe environment. It is home to several uncommon species of animal and insects. Bicester already has plenty of warehouse capacity to the north west and to the east, with access to the M40 via Jn 9. The proposal would destroy the area, raise pollution levels and increase traffic, potentially driving away the wildlife our ecosystem depends upon. Please reconsider this application so it's moved to a brown field site."/>
