Comments	<p>OBJECTIONS TO ALBION PLAN I OBJECT TO THIS PLAN GOING AHEAD ON THE GROUNDS LISTED BELOW</p> <p>1 These warehouses will be too close to Stoke Lyne which is a very rural village and also the nearby properties. People with respiratory diseases etc move to the lovely green countryside to get away from pollution and better air quality.</p> <p>2 The roads round here are not suitable and cannot take any more traffic on them. These warehouses will generate more traffic as there is no public transport, there will be more pollution with lights and fumes from the traffic, The Government is always promoting clean air policies so you are going against the clean air policy.</p> <p>3 Ancient hedgerows and trees will be uprooted leaving nowhere for the many species of wild life we have round here, birds , bees, deer hedgehogs, badgers to name but a few.</p> <p>4 There is an USAF here a few miles from the proposed site based at RAF Croughton who need to be taken into consideration of the havoc that could cause them with communications.</p> <p>5 Bicester 5 miles away is surrounded on all side with warehouses and they are still building them, enough is enough in this area, take your warehouses where are there are no villages and need employment. Alexandria Andrews Stoke Lyne Rresident.</p>
