Comments	<p>I object to application 21/03267/OUT on the basis of the huge amount of traffic this will cause. The B4100 is already over capacity and with the planned change in roundabout layout even more pressure will be placed on this road. Accidents and loss of life happen every month on this road with it's junction to Stoke Lyne, an increase in use will only increase this. Similarly the A43 leading to the M40 is already over it's capacity and causes extreme delays when Silverstone is in use (which is most weekends. I cannot see the reason for this planning to be passed when siilar projects have been passed at the next junction 11. Why do we always want to ruin our countryside for the sake of spreading the disruption to each junction of motorways. Junction 11 has the infrastructure and capacity to take this type of planning.</p>
