When I visited a previous public exhibition about the Howes Lane development in Bicester the developers actually admitted that they had never visited the site or had any knowledge of the local area. They are just buying land by postcode and building warehouse units that we have no proven need for. In the case of this application why is access not being taken from either of the existing roundabouts instead of taking heavy goods traffic up a rural back road, adding to an already over-congested Baynard's Green roundabout? There is talk about this forming, together with other neighbouring developments, forming part of a " vehicles.="" view="" was="" what="" where="" whilst="" will="" woodland="" woods="" worse,="" wrong="" yes,=""/>
