Comments	<input type="text" value="I am totally opposed to this application. It is completely unsuited to a rural location to have 24 hour operations and warehousing as proposed. This will have an extremely negative impact on the environment and local residents both during construction and operation. It will cause air pollution, light pollution, noise, traffic and fundamentally change the nature of the area. It will contribute to an urban style sprawl out of Bicester into neighbouring countryside and villages."/>
