Comments	<input type="text" value="The proposed development is not permitted by the Local Development Plan. It is of a disproportionate scale and will place additional strain on a local infrastructure that is already beyond capacity. The additional traffic will include a huge number of lorry movements plus car journeys for the labour force who are unlikely to be local to the site. The environmental impact on air quality, light pollution and noise not to mention bio-diversity and numerous other factors is unacceptable. There is no need for additional employment of the nature this development will bring to the area."/>
