Comments	<input type="text" value="Building on what is currently farmland. Reducing biodiversity by removing hedgerows and covering soil with concrete. This is not a 'town' setting as Banbury (J11 developments) is, It is rural. This will completely alter the local area. No doubt the precursor to sheds all along the A43. The infrastructure (Baynards green roundabout and J10 junction) are not fit for purpose with current traffic, let alone increased traffic."/>
