<b>Comments</b>	<input "="" type="text" value="As a regular walker at Stoke Woods I fear that this would interfere with the wildlife that live in and around the area. Not only with the building on of their eating grounds but also more risk of death from the increased traffic moving in and out of the site. In addition the traffic at peak times around Baynard Green is horrendous, nearly every day it is brought up in the radio traffic bulletins, having this extra traffic would further exacerbate the problem.
