Case Officer	<input type="text" value="David Lowin"/>
Organisation Name	<input type="text" value="Pat Cherry"/>
Address	<input type="text" value="Barnabas Cottage,The Street,Stoke Lyne,Bicester,OX27 8SE"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I am a 87yr old woman who has lived in Stoke Lyne for 50yrs. My Objections are Effects of increased traffic particularly heavy vehicles which have been known to overturn on the roundabout. I am also concerned access to and from the village will be severely affected. The fumes from the vehicles would increase the air pollution leading to a rise in health problems eg Respiratory disease. This change of land use would increase noise from the traffic, unit facility and energy centre. The plan would increase light pollution spoiling the night sky by the orange glow of the security lights. This plan would spoil this rural area and affect the eco system of wild life habit especially Stoke Wood. The general effect for the change of environment would have a detrimental effect on the mental health of those people who value the rural environment surrounding them. A further concern is concreting this large area will lead to drainage issue and possible flooding"/>
