

Comment for planning application 21/03268/OUT

Application Number	<input type="text" value="21/03268/OUT"/>
Location	<input type="text" value="OS Parcel 2636 NW Of Baynards House Ardley"/>
Proposal	<input type="text" value="Outline planning permission (all matters reserved except for access) for the erection of buildings comprising logistics (Use Class B8) and ancillary Office (Use Class E(g)(i)) floorspace; construction of new site access from the B4100; creation of internal roads and access routes; hard and soft landscaping including noise attenuation measures; and other associated infrastructure"/>
Case Officer	<input type="text" value="David Lowin"/>
Organisation Name	<input type="text" value="janey Poole"/>
Address	<input type="text" value="Church Barn,Street Through Stoke Lyne,Stoke Lyne,Bicester,OX27 8RU"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I object to application 21/03268/OUT on the basis of the huge amount of traffic this will cause. The B4100 is already over capacity and with the planned change in roundabout layout even more pressure will be placed on this road. Accidents and loss of life happen every month on this road with it's junction to Stoke Lyne, an increase in its use will only increase this. Similarly the A43 leading to the M40 is already over it's capacity and causes extreme delays when Silverstone is in use (which is most weekends). There are no bus routes that may take employees to any business on this junction so we are assuming all of these will be driving cars, the pressure on these roads will be too much and will cause chaos. There is enough warehousing at the next junctio 11. Why do we always want to ruin our countryside for the sake of spreading the disruption to each junction of motorways. Junction 11 has the infrastructure and capacity to take this type of planning. We need to respect our countryside and our air quality far more for the future of the younger generations."/>
