

# Comment for planning application 21/03350/TEL

<b>Application Number</b>	<input type="text" value="21/03350/TEL"/>
<b>Location</b>	<input type="text" value="Street Record Station Road Kirtlington"/>
<b>Proposal</b>	<input type="text" value="Proposed 5G Telecommunications Installation"/>
<b>Case Officer</b>	<input type="text" value="John Cosgrove"/>
<b>Organisation Name</b>	<input type="text" value="Tom Jamond"/>
<b>Address</b>	<input type="text" value="2 Troy Lane"/>
<b>Type of Comment</b>	<input type="text" value="Objection"/>
<b>Type</b>	<input type="text" value="neighbour"/>
<b>Comments</b>	<input type="text" value="The proposed positioning of this mast and the associated base structure is entirely inappropriate and ill thought out. This is a conservation area which should not have even been considered. The 15m mast in this position would be an imposing eyesore for the entire village and have a significant detrimental effect being visible to the majority of residents and visitors. The village doesn't even have street lamps and this would therefore be completely out of keeping with the village and ruin the village heritage which has been so carefully preserved and is the reason why many people visit and choose to live in Kirtlington. These masts should be positioned away from residential houses in less obvious positions and there are many many alternative less obvious locations that this could be positioned. The proposal should be rejected. Given the size, the proposed location would be incredibly intrusive and have an incredibly negative impact on the surroundings which is not outweighed by the need for the installation at this specific site."/>
