Comments	<input type="text" value="Dear Planning, I would like to strongly object to the planning application to supply and install a new 5G tel comma mast in the village of Kirtlington. I see no need or benefit to our phone signal and this will be an eyesore as you enter the village and one being a conservation area. I also have concerns of the health risks of this mast being in close proximity to the local houses in the village. Perhaps place this in a farm field well away from the village? Best wishes Adam"/>
