Comments	<input type="text" value="In relation to the planning application for masts in Kirtlington I feel very strongly and object on the grounds that a 15m mast will be an eyesore simply does not fit into a rural location the majority of the houses in the village are traditionally old stone cottages with slate roofs a new modern mast will stand out like a sore thumb in this conservation area it will also dramatically reduce the housing prices in the pretty slight after little Village location please please find a more suitable location thank you."/>
