<b>Comments</b>	<input type="text" value="My objections are set out in full in the comments I have made to the directly related Planning Application no 21/03452 These two planning applications should have been one application so I assume that you will consider those objections as applying to this one as well. In summary: 1. The developer has not been truthful in its statements 2. The visual impact on the village, the countryside and the approach to our property would be horrendous 3. As assessment of 5G has not been made - no consultation has been held with the village - I do not want 5G Finally, I live in very close proximity to the proposed development but was not informed of it except by a neighbour which I believe breaches my rights as a Council Tax payer in this Borough"/>
