<b>Comments</b>	<input type="text" value="I must object most strongly to the proposed siting of the 5G mast in Kirtlington village. Kirtlington is one of the most beautiful villages in Oxfordshire and to site this mast in such a visible location is beyond belief. If such a mast is truly needed in this area, and I believe this is questionable, I have seen many ideas for more suitable locations mooted, surely it is not beyond the wit of the Council to realize this proposed mast needs to be sited elsewhere. Of course, just as important a consideration is the health to the inhabitants of such a mast in the village. While the possible detrimental health effects to the local inhabitants of the proximity of such a mast is unknown, it is surely grossly unfair, and actually completely unnecessary, to site it where the Council are proposing."/>
