Comments	<input type="text" value="This application is outside the current planning framework already approved. When Hanwell Fields was originally planned/approved, no further development was to be considered north of Dukes Meadow Drive (which was the original boundary road for Hanwell Fields) - this has clearly been ignored with the on-going developments which is eroding our green fields north of Banbury. Approval of this plan will set the precedent for future developments further eroding green and leisure spaces which goes against the COP26 principles. Future planning applications should centre around the re-development of brown-field sites where the infrastructure is already in place. There are enough of these in the Banbury area which should preclude the development on green-belt land and would support the housing needs for the Cherwell area. I would request that the planning committee investigate every conceivable option before granting this (and future) planning applications to safeguard our children's future and allow them to enjoy the open green spaces that we currently enjoy."/>
